

Poppy

Symbol: PPY-40/70

Designer: Instal-Projekt Team

Width: 400 mm

Height: 670 mm

Connection: Bottom 365mm

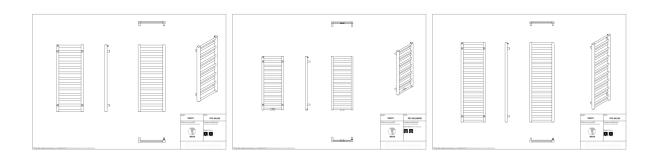

Output: 261 W

POPPY is a handy radiator with a modern look. Its form is surprising with alternating structure of horizontal profiles, which are forwarded in one place, while in the other they are drawn back, what gives the feeling of spatiality. It is worth mentioning that the product's design has not only aesthetic values, but mainly utility features.
